Coaching
Mentoring
Interaction
Play
Creation

Physical spaces will become work and creativity spaces, not presentation spaces. New technology includes: ambient internet, multimedia, robotics, capture tools, more... Eg. MIT Media Lab

Collaboration

Conferencing
Meeting
Conversation
Co-creation
Teaming
Networks

Online collaboration becoming more immersive, more multimedia. Eg. Second Life, Adobe Connect, Elluminate; capture tools more prevalent. Collaboration more mobile as well – don't forget recording and capture.

Interaction

Games
Simulations
Training
Learning Objects

Game-based learning becoming widely accepted; games and simulations becoming more realistic; new tools and mod kits to help people program their own environments. Multi-user environments become huge.

Information

Lectures
Books
Conferences
Pages
Video

Information becomes free and ubiquitous; easily found via personalized semantic social networks; data becomes embedded into learning resources.
